

L T Vibration Isolation Table

Feature:

- ★ Stainless steel table.
- ★ Supported by four pneumatic isolators.
- ★ Easy to clean.
- ★ Chemical resistant.
- ★ Optical microscopes.
- ★ Precision inspection stations.
- ★ Highly sensitive laboratory equipment.
- ★ High-accuracy measuring instruments.

Applications: Surface Roughness Measuring System, Contour Measuring System, Microscope, Semiconductor Measuring System, Scanning White Light Interferometer

Specifications								
Type	LT-0405 (A)	LT-0605 (A)	LT-0705 (A)	LT-0806 (A)	LT-0405 (A)	LT-0605 (A)	LT-0705 (A)	LT-0806 (A)
Dimensions (mm)	400*500	600*500	700*500	800*600	400*500	600*500	700*500	800*600
Height (mm)	58 ± 3							
Weight	22KG	32KG	37KG	48KG	22KG	32KG	37KG	48KG
Leveling type	Automatic				Manual			
Natural Frequency	2.5HZ							
Surface tope	SUS304							
Appendix	A Type:1. PU tube 6*3M 2. Air pressure Regulator							
	M Type:Manual air pump							
Max. load capacity	120/300KG
